

RE-TARRING THE ROOF

EVENT

The landlord finally was able to get those roofers up to patch the leaks. Unfortunately, the whole block smells like creosote, the internet is all wonky. It sounds like they'll be up there all week.

EFFECT

When going to or from this node, take two steps forward and one step backward.

RECOMMENDED RESOLUTION

Organizer might find and bring the following players to the site to resolve:

- (2/3/4) Residents of the Node Colour
