SITE SPONSOR LEAVES

EVENT

Only a matter of time before they retired - it was mentioned during the initial discussions to build the node onsite. Sounds unclear whether you'll be able to keep the site once they are gone… bummer.

EFFECT

Node cannot be used to deliver data packets while this Event Card is in effect.

RECOMMENDED RESOLUTION

Organizer can find and bring the following players to the site to resolve:
  • (1/1/1) Resident of the Node Colour
 AND Organizer switches roles with that Resident
