TREE DOWN

EVENT
There was a severe weather warning during the thunderstorms last night. One of the oldest Oaks on the block didn't survive the wind. Worse yet, when it came down it somehow damaged the antenna on the node.

EFFECT
Node cannot be used to deliver data packets while this Event is in effect.

RECOMMENDED RESOLUTION
Moving the Tree: Organizer could find and bring the following players to the site to resolve:
- (2/2/3) Residents of the Node Colour
- (1/2/3) Technologist
